- Referral Id (If Any)
- Register Button: A click on the register button will register respective person with the app.

The registration screen also has a login screen link (for those users, who are already registered with the app), by clicking this option, user will redirected login screen.

After that a pop-up will open for mobile verification. A message or *OTP* (One Time Password) will be sent to the inputted mobile number during registration. The user needs to enter this number or OTP. A S*ubmit* button in the pop-up will verify the mobile no.

If OTP is not received (Trust me, which is a rare scenario), you can click on the *Resend OTP* link to get new OTP.

OTP (One time Password): OTP is 6 digit numbers, which will be sent by us to your mobile no. (Filled by you in registration form).

After Successful mobile verification, Yes, Congratulation! You will get registered with App. :)

2.2   FORGET PASSWORD

On the login screen, there is a link of *forget password.* On the click on forget password, It will open a pop-up. The pop up will take following information from user (Already Registered user):

- Registered Mobile No.
- New Password
- Confirm New Password

Submit Button: This button will open an OTP pop-up. (Please refer above section.)

After Successful mobile verification, you will be able to update your password. :)

3   HOME SCREEN

The home is the mail screen of the Application. This screen will have five interacting sections:

1. Title Bar
2. User Profile section
3. Wallpaper section
4. Navigation section
5. Thoughts Section

3.1 TITLE BAR

The Title bar has Name of the App and menu options (Three Dots). The menu has below options:

1. **About Khandal Samaj**: The click on this option will display Information about Kandal Samaj
2. **Share App**: The user can share this app from Text (SMS), Whatsapp and Email.
3. **Edit Profile:** Edit Profile allows user can update their profile. The User can update any information and fill information, which is left by him/her during registration.
4. **Change Password:** allows user to change password

5. **Delete Profile**: Delete profile option will delete your profile from the app database. It is like you delete your record from the app.
6. **Logout:** Logout the user from the app.
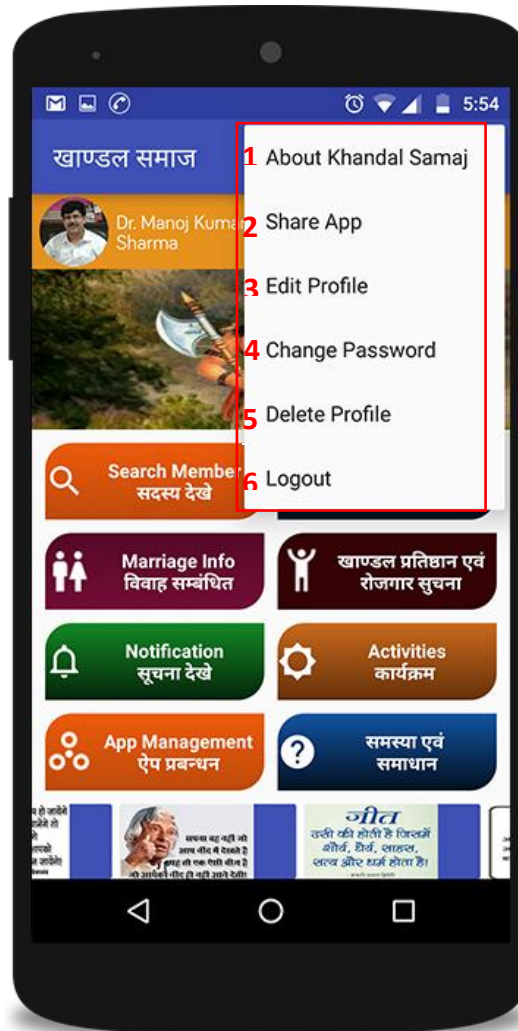

3.2 USER PROFILE

This screen shows user name with a picture (Left side of the section). The section also displays the locality of the user (Right side).

Note: The users can update their profile from here also. The user just needs to tap that section.

3.3 NAVIGATION MENU

The section has the following options:

- Search Member
- Add Family Member

- Marriage Info
- Khandal Partisthan avam Rojgaar Suchna (Khandal Enterprises and Employment Information)
- Notification
- Activities
- App Management
- Samashaye and Samadhan (Problems and their Solutions)

Note: This module is described in below.

3.4   THOUGHT SECTION

Thought section is a slider, which shows running thoughts or quotes of well- known personalities. A click on the specific thought will enlarge that selected thought.

4   NAVIGATION MENU

The navigation menu encapsulates the main functions of this Khandal App. The following screen will define the absolute working of the app:

4.1   SEARCH MEMBER

This module permits user to search other users registered with the app. The user needs to select state (Mandatory) and select city (option). There is also free search available for the specific filtered result.

Note: The successful search will enlist only those users, who is married (both Male and Female).
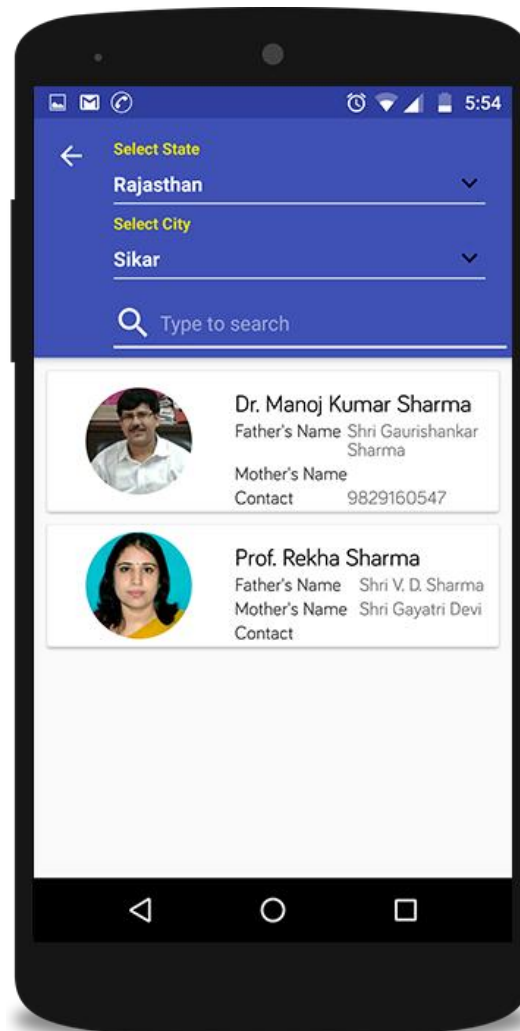

A click on the particular listed person (user) will open a *Detail Screen Pop-up*. The pop- up will include all the details of the concern user. A user can also view his/her family by clicking on the *View Family (Spotted in red Rectangle).*
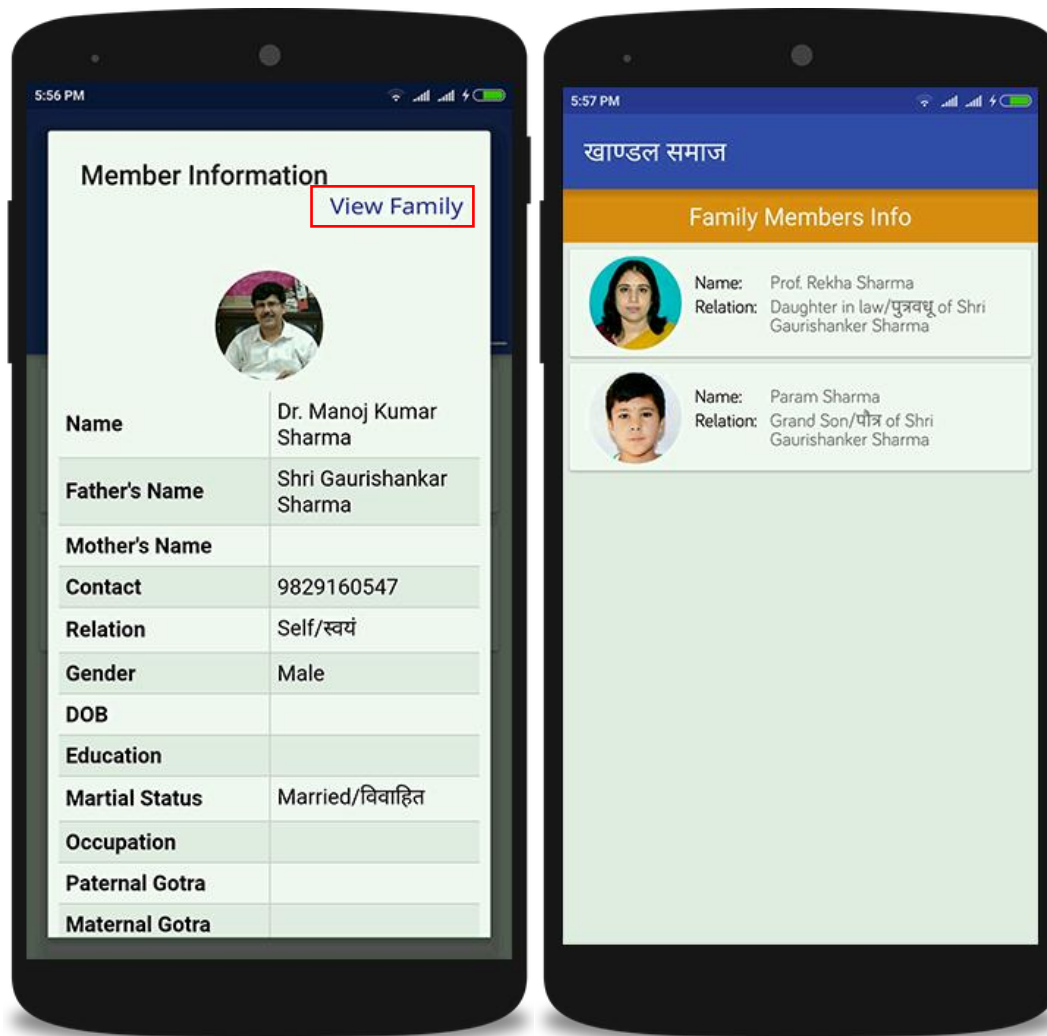

4.2   ADD FAMILY MEMBER

The *Add Family Member* module allows user to add his/her family members. This screen displays all the previously added members of the family by the users. The user can add a new user by clicking *Add user Icon (In red circle)*. The click will open a new screen, which allows user to fill information about that member.

Note:

1. *It is a Samaj app, and information will be visible to all the registered users of the Samaj. Therefore, we request you, please fill only those fields (except mandatory fields) about the respective member, which you want to show to other registered users of the app. E.g. suppose you don't want to show mobile number of your family, then you can leave that field; which is asking a mobile number of that person.*
2. *The Add Member Form will have a field, which is Available for Marriage. A check on this field will avail the respective member for Marriage Search.*
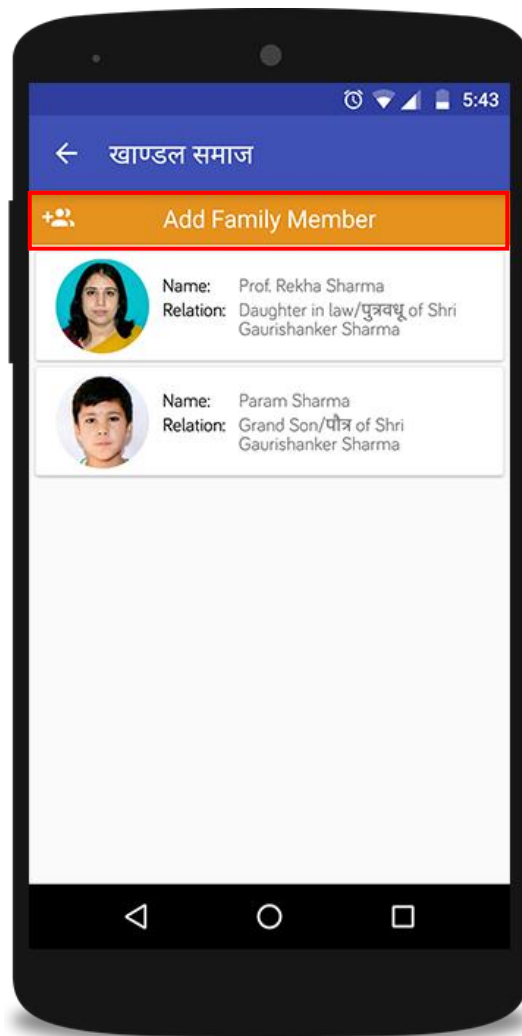

4.3   MARRIAGE INFO

The Marriage Info section will allow user to perform search for boys and girls eligible for marriage. The user needs to select the first desire field that is *Looking For* (Male or Female). The User also needs to select *Qualification* as after selection of the *Looking for* field.

Then user can enter Name/Gotra or City (i.e. optional) to filter the search result.

Note*: The Add Member Form will have a field, which is Available for Marriage. A check on this field will avail the respective member for Marriage Search.*

*If a member got married, and still has a check mark for the **Available for Marriage** field. It will show that user to the marriage search list. To remove that user from marriage search, you just need to uncheck **Available for Marriage** field for that concern user.*
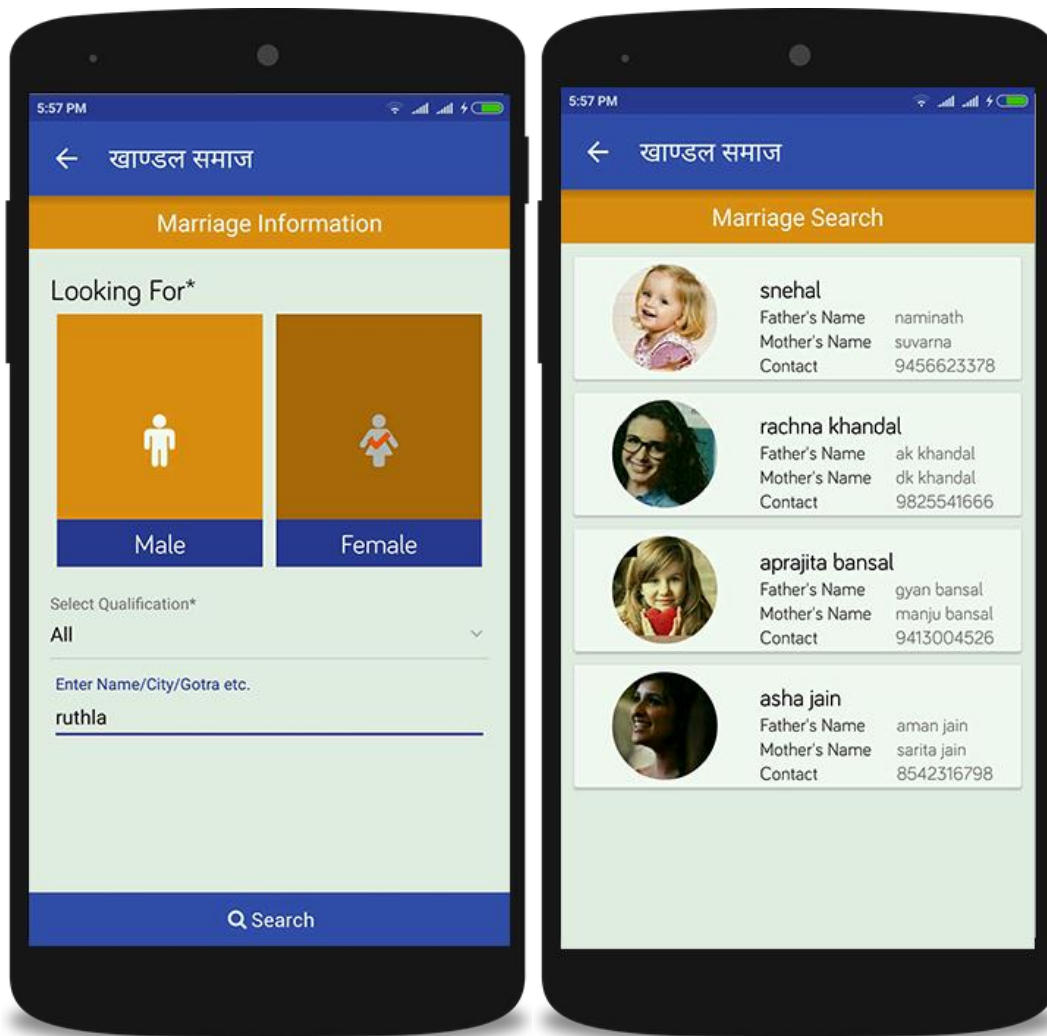

The click on search button will open a list of registered Boys/Girls as per your requirement. The tab on particular boy/girls from the list, will show the detailed information about that boy of girls.

4.4 KHANDAL PARTISTHAN AVAM ROJGAAR SUCHNA (KHANDAL ENTERPRISES AND EMPLOYMENT NOTIFIACTIONS)

The app user can view and know about Khandal Partisthan (Khandal Enterprises). The Screen will show name of that partisthan along with image and descriptions.

The Rojgaar scene (Employment news) will allow users to find the new employment opportunities in the Khandal Samaj.

NetParam Technologies
Private Limited

4.5   NOTIFICATIONS

The *Notification* section will permit user to see new Samaj related notifications.

4.6 ACTIVITIES

The Activity section will list all the upcoming and running activities in Samaj. The activity will include an image and description of the activity. The tab on the particular activity will open with an enlarged image of that activity with information.
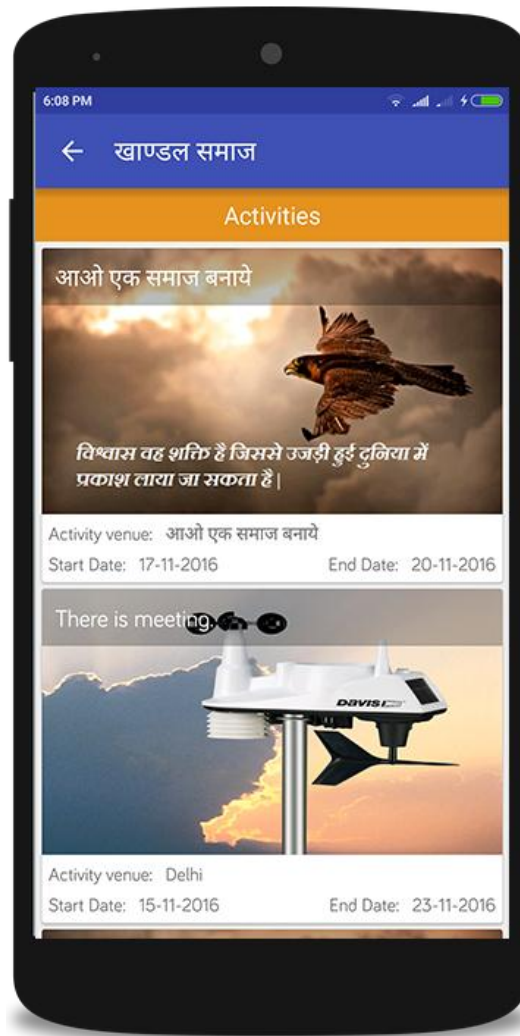

4.7   APP MANAGEMENT

The App Management screen will show the listing of the management people of the Khandal App. An app user simply can approach a management person, regarding his/her queries about the app.
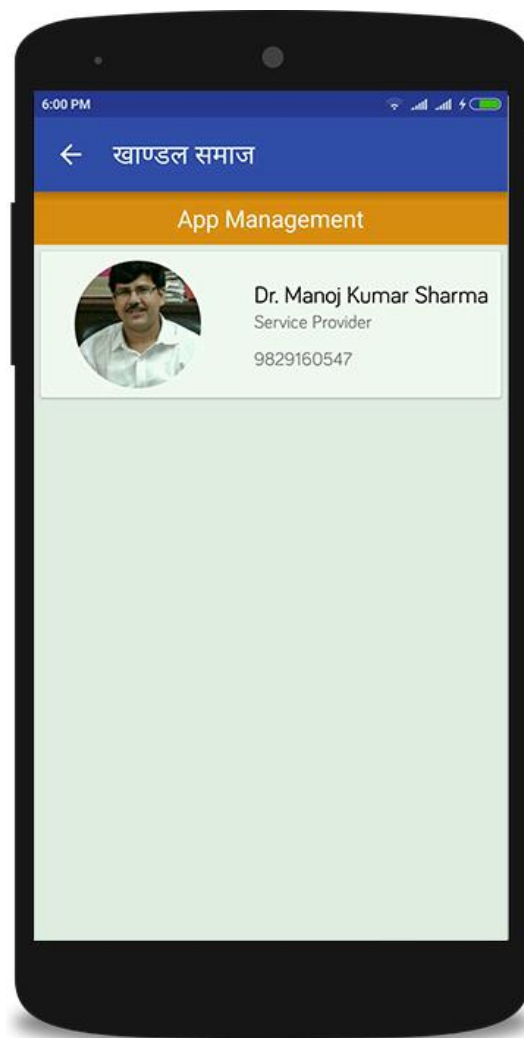

## 4.8 SAMASHAYE AND SAMADHAN (PROBLEMS AND THEIR SOLUTIONS)

The Samashaye and Samadhan section of the app, will allow user to let management persons to know about his/her problem. The user first need to select the enquiry type to make a new enquiry.
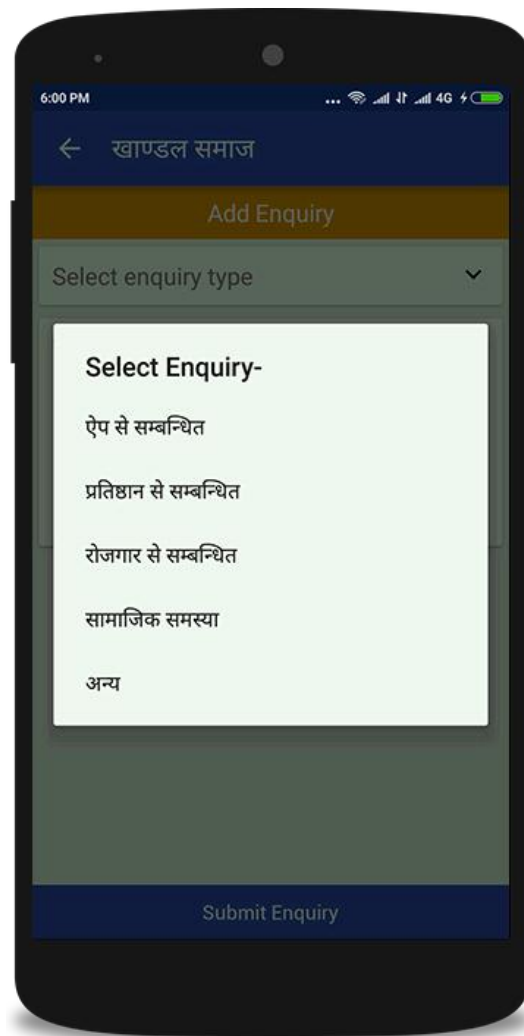

After successful submission of enquiry, user can view the list of previously made enquiries. The recent enquiry will be on top of list.

The user can select a specific enquiry and a tap on that enquiry will enlarge this equiry.

In the list, there can be two types of the inquiries Pending (Which is not replied by the management) or replied (if management submit any reply for the enquiry).
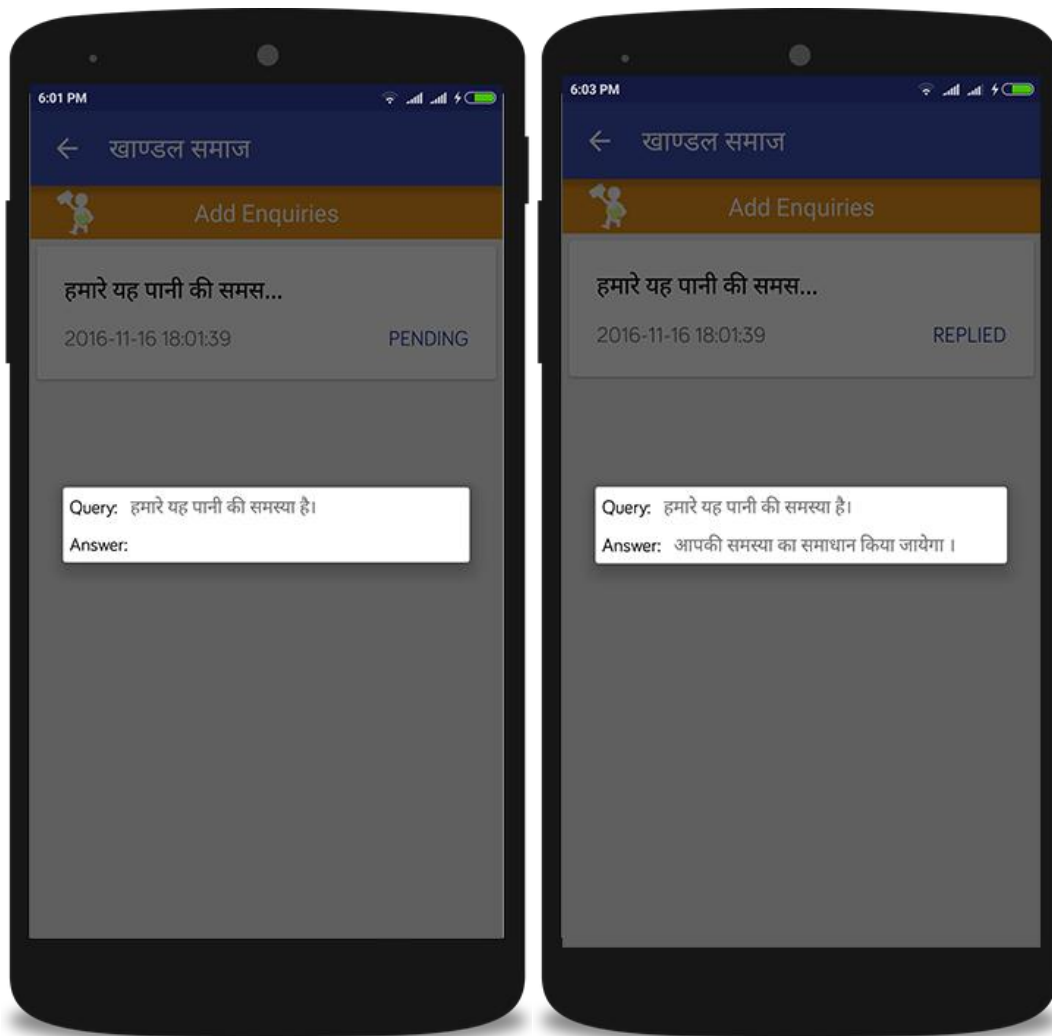

Thanks for your support. Please share this app as much as you can.
